

we are here for you

During a pandemic, cancer doesn't stop. We haven't either.

UCSF Health is taking every precaution so you can continue to access world-class cancer care and clinical trials

For everyone's safety, we have rigorous safeguards in place:

- Increased cleaning protocols
- Symptom screening
- Wearing masks
- Practicing physical distancing
- Limiting visitors

We look forward to seeing you either by video visit or in person soon.

behind every mask is a smile waiting for you
