

Transportation costs are covered by all managed Medi-Cal plans

If getting to and from your medical appointments is a challenge, **check with your health insurance company** to see if your insurance covers the cost of transportation to and from the hospital through ridesharing services, such as taxis or rides that can be ordered through an app.

Managed Medi-Cal Plans

Managed Medi-Cal plans are required by law to cover transportation for patients for whom transportation to medical appointments is challenging. Please refer to page 2 for transportation details.

Medi-Cal Plans

If you have straight **Medi-Cal**—and aren't enrolled in a managed Medi-Cal plan—your transportation options are limited. You can speak to a social worker to discuss your options or call, **858.495.3666**.

Parking

Parking can be challenging. You may wish to consider the following options:

Valet Parking will park your car at **no additional charge**, but regular parking fees apply.

UCSF Shuttles are **free** to patients and caregivers. Find shuttle schedules through the UCSF Mobile app or at shuttles.ucsf.edu. Or by calling, **415.476.4646**.

Ridesharing **services**, such as taxis, Lyft, and Uber may be a good alternative to driving.

For valet and other parking information, please visit: <http://tiny.ucsf.edu/HPSSfy>

Lodging Resources

UCSF has a list of available hotels and motels in the area. You can see the complete list on the main Cancer Support site: cancer.ucsf.edu/support

Our social workers may be able to connect you to discounted lodging, at:

- Koz Housing – UCSF housing for cancer patients seen in Hematology/Oncology or Radiation Oncology who need to stay in the city for 3 nights or more.
- Patient Supportive Lodging Program – For Medi-Cal patients or those who meet financial criteria.

Financial Services

Patients can call Financial Services after their appointment to arrange a payment plan or write off a portion of their medical bill if they qualify (patients with a family income at 400% of federal poverty guidelines qualify). For more information, call: **866.433.4035**.

Peer Support Program

We have a great team of patients who have received their cancer care at UCSF and who would like to help others by lending a listening ear and sharing tips and resources that they have learned along the way.

If you would like to speak to one of our trained peer volunteers in our Peer Support Program, call the Patient and Family Cancer Support Center **415.885.3693**.

Or go to our Peer Support Program page at: cancer.ucsf.edu/support/crc/peer-support

INSURANCE TRANSPORTATION INFORMATION

Below are the numbers to arrange transportation for the following plans.

*Levels of service include: Taxi, Uber, or Lyft, as well as gurney assistance and ambulance services.
