Websites

American Cancer Society (ACS) – Anal Cancer

At the American Cancer Society, we're on a mission to free the world from cancer. Until we do, we'll be funding and conducting research, sharing expert information, supporting patients, and spreading the word about prevention. All so you can live longer — and better. Website: <https://www.cancer.org/cancer/anal-cancer.html>

National Cancer Institute: Office of Cancer Survivorship

OCS is part of the NCI Division of Cancer Control and Population Sciences. The office works to enhance the quality and length of survival of people diagnosed with cancer, and support research addressing the long- and short-term effects of cancer

Website: <https://cancercontrol.cancer.gov/ocs>

National Coalition for Cancer Survivorship

NCCS advocates for quality cancer care for all people touched by cancer. They work on a policy level, as well as empowering cancer survivors. Survivor resources include the award winning “Cancer Survival Toolbox” as well as information about communicating with your doctor, employment rights and health insurance issues.
