# 2nd Triannual Symposium
## Highlighting Parnassus Cancer Research

**Disease Progression and Treatment Resistance**

**Wednesday, May 29, 2019 | 8:45 am - 4:15 pm**  
UCSF Parnassus, Cole Hall Auditorium

| 8:55 am       | **Welcome**  
**Jay Debnath, MD, Professor in Pathology, UCSF**                     |
| 9:00–10:00 am | **Keynote 1**  
**Lisa Coussens, PhD, Professor in Cancer Biology, Oregon Health & Science University**  
*Inflammation and Cancer: New Targets for Therapy in Cancer*             |
| 10:00–10:30 am| **Poster viewing (coffee and tea)**                                   |
| 10:30 am      | **Session 1**                                                        |
| 10:30–10:55 am| **Jay Debnath, MD, Professor in Pathology, UCSF**                      
*Autophagy and metastatic colonization*                                   |
| 10:55–11:20 am| **Lawrence Fong, MD, Professor in Medicine, UCSF**                     
*Mechanisms of resistance to immune checkpoint inhibition*               |
| 11:20–11:45 am| **Thea Tlsty PhD, Professor in Pathology, UCSF**                       
*Stromal states that control cancer progression*                         |
| 11:45 am–1:20 pm| **Lunch & Poster Session**                                           |
| 1:20 pm       | **Session 2**                                                        |
| 1:20–1:45 pm  | **Rohit Bose, MD, PhD, Assistant Professor in Anatomy, Medicine, & Urology, UCSF**  
*Hypermutated cancers: how we can model and what we can learn*          |
| 1:45–2:10 pm  | **Ross Okimoto, MD, Assistant Professor in Medicine, UCSF**            
*Overcoming transcriptional addiction in sarcoma*                        |
| 2:10–2:35 pm  | **Jeroen Roose, PhD, Professor in Anatomy, UCSF**                      
*Organoids and therapy in colorectal cancer patients*                    |
| 2:35–3:00 pm  | **Poster viewing (coffee and tea)**                                   |
| 3:00–4:00 pm  | **Keynote 2**                                                         
**Alana Welm, PhD, Associate Professor in Oncological Sciences, Huntsman Cancer Institute**  
*Metastatic breast cancer: new models and treatment strategies*          |
| 4:00–4:15 pm  | **Closing Remarks and Poster Awards**                                 
**Jay Debnath, MD & Rohit Bose, MD, PhD**                                |

**Faculty Organizers:** Jay Debnath, MD & Rohit Bose, MD, PhD
