The complete list of Patient Education Resource Pages is available to view at <http://cancer.ucsf.edu/support/crc/patient-education-resources>

Overview

Cancer of the esophagus is divided into two major types: squamous cell carcinoma and adenocarcinoma, depending on the type of cells that are malignant. Squamous cell carcinomas arise in cells that line the upper two-thirds of the esophagus. Adenocarcinomas usually develop in the glandular tissue in the lower part of the esophagus. The treatment of these types may be similar but depends upon the details of each individual case. Website:

Organizations

American Cancer Society (ACS) – Esophageal Cancer

At the American Cancer Society, we’re on a mission to free the world from cancer. Until we do, we’ll be funding and conducting research, sharing expert information, supporting patients, and spreading the word about prevention. All so you can live longer — and better.

Website: <https://www.cancer.org/cancer/esophagus-cancer.html> | Phone Number: 800.227.2345

Cancer Support Community – Esophageal Cancer

As the largest professionally led nonprofit network of cancer support worldwide, the Cancer Support Community is dedicated to ensuring that all people impacted by cancer are empowered by knowledge, strengthened by action, and sustained by community.

Website: <https://www.cancersupportcommunity.org/esophageal-cancer> | Phone Number: 888-793-9355

Esophageal Cancer Action Network

ECAN was created with the primary goal to raise awareness of the risk of Esophageal Cancer posted by persistent heartburn or gastroesophageal reflux disease. ECAN launched the first Esophageal Cancer Awareness Month effort in 2009 and since then, governments, businesses and other organizations throughout the nation have recognized April as Esophageal Cancer Awareness Month year after year! ECAN’s primary focus is increased awareness but they also provide information to educate patients on their options for prevention, early detection, and treatment. ECAN also provides a clinical trials portal, patient guide, and a community for support.
