The complete list of Patient Education Resource Pages is available to view at <http://cancer.ucsf.edu/support/crc/patient-education-resources>

Overview

Thyroid cancer is more common among women than men and accounts for only one percent of all cancers diagnosed in the United States. Most thyroid cancers grow slowly but certain types can be aggressive. There are four major types of thyroid gland cancer: anaplastic, follicular, medullary and papillary. UCSF Resources

UCSF Head and Neck Surgery Cancer Program

The UCSF Head and Neck Surgery Cancer Program provides comprehensive, world-class care for people with head and neck tumors. These tumors can affect key functions such as breathing, speech, sight and swallowing, as well as appearance. We are committed to providing the most advanced and personalized care to protect both our patients' health and their quality of life. We're equally committed to providing an accessible, caring and informative environment that supports patients before, during and after treatment. Organizations

American Cancer Society (ACS) – Thyroid Cancer

At the American Cancer Society, we're on a mission to free the world from cancer. Until we do, we'll be funding and conducting research, sharing expert information, supporting patients, and spreading the word about prevention. All so you can live longer — and better.

Website: <https://www.cancer.org/cancer/thyroid-cancer.html> | Phone Number: 800.227.2345

Cancer Support Community – Thyroid Cancer

As the largest professionally led nonprofit network of cancer support worldwide, the Cancer Support Community is dedicated to ensuring that all people impacted by cancer are empowered by knowledge, strengthened by action, and sustained by community.

Website: <https://www.cancersupportcommunity.org/thyroid-cancer> | Phone Number: 888-793-9355

International Association of Laryngectomees

The IAL was formed in 1952 by representatives of 13 individual clubs to answer the need for coordinating the activities of the clubs. The purposes of the IAL are to promote and support the total rehabilitation of the Laryngectomee by the exchange of ideas and dissemination of information to member clubs and to the public. To facilitate the formation of new clubs, to foster improvement in Laryngectomee programs, and to improve the minimum standards for teachers of post-Laryngectomee speech.

WebWhispers

WebWhispers was started in 1996 for those who had questions about larynx cancer treatments, surgery, recovery, and what life is like after laryngectomy surgery. We are now the largest support group for individual laryngectomee survivors of larynx and other throat cancers. We offer advice from those who have been there and education at the time it is needed. Our membership is composed of patients, caregivers, medical professionals and suppliers. Come join us in order to use our full facilities. It's free to join and no dues to pay.
