

**Darrell Young Appointed Executive Director of Development for
Cancer Programs**

February 8, 2021

Dear All,

I am pleased to share the news that Darrell Young has been appointed Executive Director of University Development, Cancer Programs. He joins the Cancer Center's executive administrative team and is based in University Development and Alumni Relations (UDAR).

In this role, Darrell will lead fundraising efforts for the entire cancer enterprise and manage the talented fundraising team you already know. Darrell will partner closely with me and many other cancer-affiliated faculty members to advance a comprehensive strategy.

Darrell has been with UCSF since 2010, when he joined UDAR as Director of Development, Dermatology. In 2018, he was promoted to an expanded role as Senior Director of Development and has been enormously productive in both previous roles.

Please join me in welcoming Darrell and wishing him much success in this new role.

Sincerely,
Alan

Alan Ashworth, PhD, FRS
